

Georgia Family Connection We envision a Georgia where all children are healthy, primed for school, and succeed when they get there; where families are stable, self-sufficient, and productive; and where communities are vibrant, robust, and thriving.

Jones County Family Connection connects and convenes key community members committed to improving the well-being of children and families. In doing so, we connect our partners to the resources they need, coordinate and manage efforts, and empower the community to craft local solutions based on local decisions.

**There is Hope.
There is Help.
